

Mathematics

Lesson 2 of 10

**Draw shapes of a given perimeter.**

Miss Brinkworth

# Warm up

Can you create **3 different** rectilinear shapes with a perimeter of 16 units?

# Task 1

Create rectangles using the criteria below:

- a) 4 equal sides of 5 units
- b) 2 sides of 9 units and 2 sides of 4 units
- c) 2 sides of 10 units and 2 sides of 5 units
- d) 4 equal sides of 7 units.

# Task 1

Create rectangles using the criteria below:

- a) 4 equal sides of 5 units
- b) 2 sides of 9 units and 2 sides of 4 units
- c) 2 sides of 10 units and 2 sides of 5 units
- d) 4 equal sides of 7 units.

# Task 1

Create rectangles using the criteria below:

- a) 4 equal sides of 5 units
- b) 2 sides of 9 units and 2 sides of 4 units
- c) 2 sides of 10 units and 2 sides of 5 units
- d) 4 equal sides of 7 units.

# Task 1

Create rectangles using the criteria below:

- a) 4 equal sides of 5 units
- b) 2 sides of 9 units and 2 sides of 4 units
- c) 2 sides of 10 units and 2 sides of 5 units
- d) 4 equal sides of 7 units.

# Independent Task 1

Draw 2 different rectangles with a perimeter of 16 units

# Independent Task 2

Draw 2 different rectangles with a perimeter of 20 units

# Independent Task 3

Draw 2 different rectangles with a perimeter of 24 units
