

Five in 5

20.01.21

Problem of the day

1. $4002 - 685$

Niamh has completed this calculation.

$$\begin{array}{r} 8,743 \\ - 2,948 \\ \hline 5,795 \end{array}$$

2. $171 \div 6$

3. $28 \div 10$

4. $7 \times ? = 42$

Write the addition calculation Niamh could use to check her answer.

5. $6823 + 10$
