Humans and Tigers

LO: To compare the body parts of humans and tigers, to identify similarities and differences.

Task: Using the key words in the box complete the Vven diagram.

Write the body parts in the right section. If it only belongs to a tiger write it under tiger, if it belongs to both write it in the middle.

|      |      |      |      |       |       |
|------|------|------|------|-------|-------|
| paws | feet | eyes | tail | legs  | mouth |
| arms | ears | fur  | nose | hands |       |
