

Jack selects four of these coins.

He can use the coins more than once.

What total could he make?

What is the lowest total?

What is the greatest total?

Make 50 p three ways using the coins below.

You can use the coins more than once.

Rosie says,

I have 43 p in silver coins.

Do you agree?

Explain why.

How many ways can you make 10 p using only copper coins?

Did you use a strategy?
