

# Monster Challenges Overview <sup>1.1</sup>

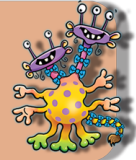

MONSTER CHALLENGES  
**1**

Let's count shoes! Go on a shoe hunt around each room. How many can you find in each room? What is the most popular type of shoe? Are they all the same size? How many individual shoes? How many pairs?

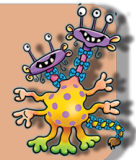

MONSTER CHALLENGES  
**2**

Let's play Shoe Chaos! One person puts lots of shoes in a pile. The other players guess how many there are. They then arrange the shoes (e.g. in tens) to see how many there. How far were you out?

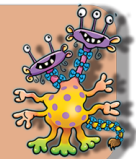

MONSTER CHALLENGES  
**3**

Let's colour wellies! Print out the second page of this document and colour in the wellies. Can you make the pairs look identical? How many shoes are there? Please send us back your pictures!

MONSTER CHALLENGES  
**4**

Let's celebrate 19! Can you find 19 of something and take a picture of it? Can you draw 19 of something? Where might you see 19 around you house? What facts do you know about the number 19? We'd love to know!

We hope you enjoy these mathematical challenges. Dave would love to see what you've been up to!  
Please send your pictures and messages to Dave [live@numberfun.com](mailto:live@numberfun.com)
